

Assembling the click bracket

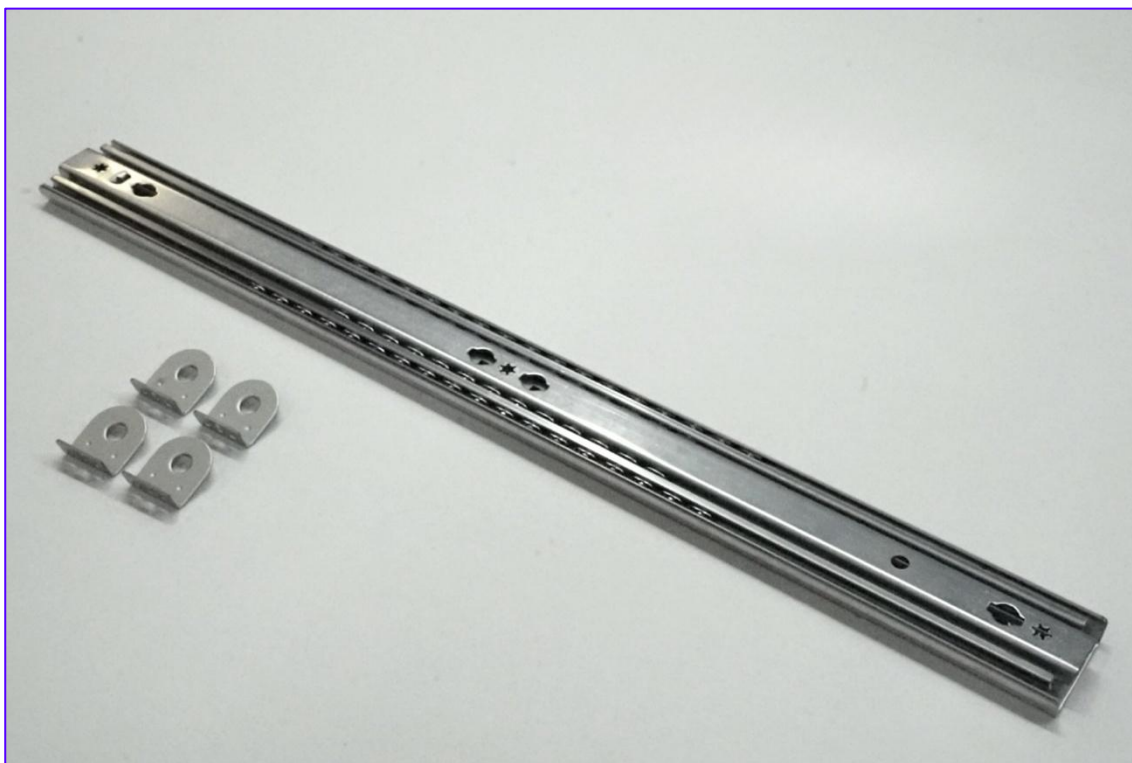

WATCH INSTRUCTION VIDEO:

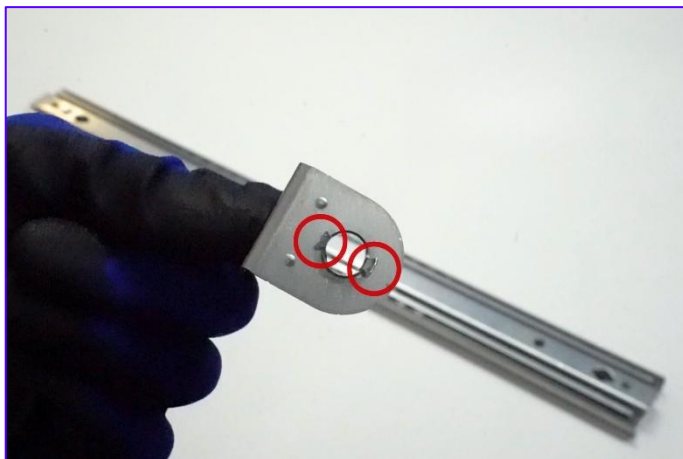

NECESSARY EQUIPMENT

- Telescopic slide
- 4 click brackets per slide
- Assembly gloves

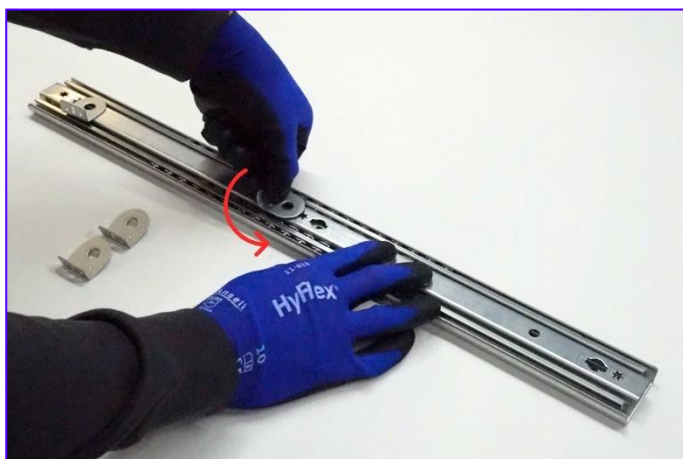

OVERVIEW MATERIALS

MOUNTING THE CLICK BRACKETS

Make sure to position the tabs of the brackets into the designated cut-out holes of the slide.

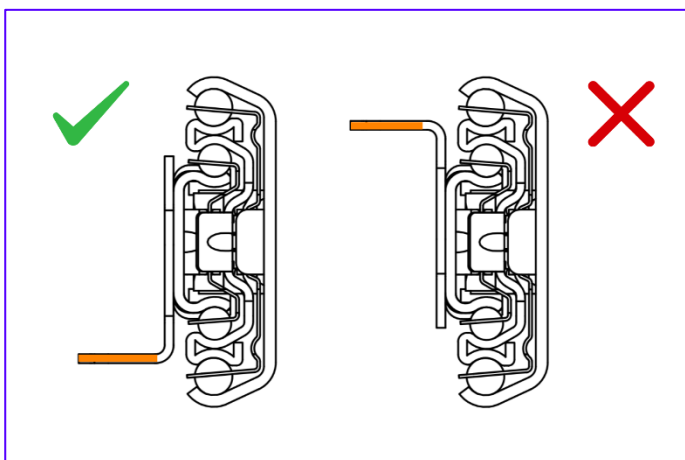

Rotate each bracket by a quarter turn to secure it.

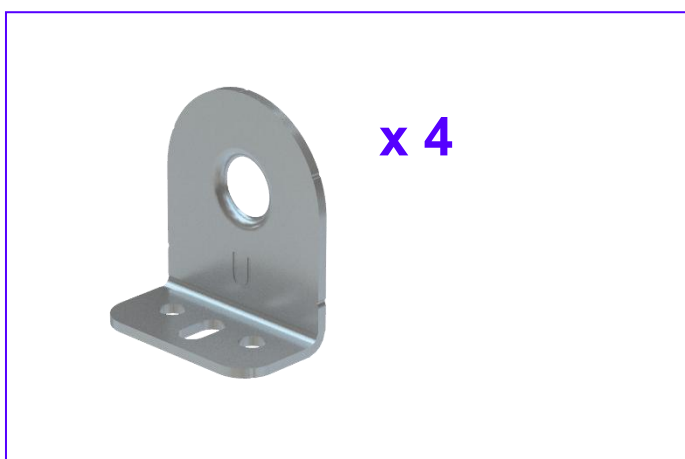

The slide is now ready for installation.

NOTES

The section highlighted in orange must always face downwards.

Each telescopic slide requires four brackets to achieve the specified load capacity.
