Technical drawing of a beam cross-section. The beam is labeled "2 x 7". The total length is indicated as "11.81" (feet). An "EXTENSION 8,268 in" is shown at the right end. The drawing includes a cross-section view of the beam, showing the internal structure and the location of the beam ends. The beam is supported by a wall on the left and a roller support on the right. The beam is labeled "A" at both ends.

EXTENSION 8,268 in

$$\underline{2 \times 7}$$

Technical drawing of a component, likely a valve or actuator, showing dimensions 1.06 and 0.37.

Technical drawing of a long, narrow rectangular component. The drawing shows a top view with a central slot and several circular features. The overall length is dimensioned as 11.81. A small dimension of 0.98 is shown at the right end. The drawing includes a section line 'A-A' at the right end, indicating a cross-section view.

11.81

0.98

511-09-042-EMS1

Technical drawing of a component with a total length of 10.75 inches. The drawing includes the following dimensions and features:

- Overall Length:** 10.75 inches.
- Mounting Holes:** Four circular holes are spaced along the length. The distance between the first and second hole is 6.2 inches. The distance between the second and third hole is 4.63 inches. The distance between the third and fourth hole is 2.8 inches. The distance between the fourth hole and the right edge is 1.38 inches.
- Edge Feature:** A feature on the right edge is dimensioned as 0.2 (4x), indicating a 0.2 inch feature repeated four times.
- Warning:** A note "NOT FOR CUSTOMER APPLICATION !" points to the first hole.
